## **SANTA ROSA CONSOLIDATED SCHOOLS A BRIEF OVERVIEW**

### **The District**

The Santa Rosa Consolidated Schools is one of two school districts located in Guadalupe County (the other district is the Vaughn Municipal Schools.) A small part of the district also extends to the Tecolotito area of San Miguel County. The district has 600 plus students in four different campuses. A Santa Rosa Elementary School houses grade K-5, Santa Rosa Middle School has grades 6-8, and Santa Rosa High School is for grades 9-12. The Anton Chico campus is located 39 miles northwest of Santa Rosa and has the Rita M. Marquez Elementary School for grades K-5 and Anton Chico Middle School for grades 6-8. Students are bused in from various little communities such as Anton Chico, Puerto De Luna, Cuervo, and Newkirk. As of the census 2000, there were 2,744 people, 898 households, and 616 families residing in the city.

### **The Area and Economy**

Santa Rosa, Northeast New Mexico, is 87 miles SE of Santa Fe, New Mexico and 112 miles E of Albuquerque. It is a small town situated on the Pecos River at the intersection of I-40 and Route 54. Santa Rosa is surrounded by mesas and 12 spring fed lakes, including Park Lake, the Southwest's largest swimming pool, Blue Hole, famous for scuba diving, plus Santa Rosa Lake. Hiking and fishing are a past time for many who hike down El Rito Creek or walk along improved paths and sidewalks connecting Historic Route 66 to Old Route 66 along Blue Hole Road. Two specially-stocked fish ponds are available for both young and senior fishermen.

The economy of the area depends heavily on Interstate tourism with gas stations, motels, and restaurants catering to the traveling needs of motorists on Interstate 40 and U.S. Highways 54 and 84. Route 66 and the railroad have always contributed economically to Santa Rosa. Southern Pacific Railroad operates a car shipping facility out of the area. Ford and Chrysler vehicles are transported via rail to Santa Rosa where they are unloaded and later re-loaded on trucks for shipping throughout the Southwest. Guadalupe County Correctional Facility, a medium security prison is located just south of Santa Rosa on Highway 54 and houses prisoners for the state of New Mexico Department of Corrections. Ranching and farming also play an important role in the district's economy.

### **Technology**

All classrooms in the district are wired for internet, many classrooms are installed with smart boards, every teacher and student has full access to internet. High school students may take classes under concurrent enrollment agreements with both Luna Vocational Technical Institute, (LCC), and Clovis Community College (CCC). Most classes are transmitted via fiber optics from the campus to a distance-learning lab at the high school. Classes are conducted via interactive, two-way television. Evening classes are also available for students and the public. Other available distance learning classes are broadcasted via satellite from the University of New Mexico, New Mexico Highlands University or several other sources. All fees for high schools students are paid for by the school district.

## **School Activities**

The district encourages all students to participate in extracurricular activities. A very successful band program is offered to all students beginning at the fifth grade level. Other strong organizations include MESA, Business Professionals of America Future Farmers of America, National Honor Society and Student Council.

Santa Rosa High “Home of the Mighty Lions” football team won back-to-back-to-back state championships in the 2010, 2011, and 2012 and have played in the majority of the Class AA State Championship games since the early 90’s. The boys’ athletic programs have also won many All Sports Championship Trophies in Class AA. Girls programs in track, basketball and cheering have also brought notoriety to SRHS.

## **School Physical Plant**

Santa Rosa High School was built in the early 60’s and through the years has undergone a complete renovation. Along with very modern classrooms, the high school also houses a cafeteria with split-level seating, a fully stocked greenhouse maintained by FFA, an Auditorium, Fine Arts Center and a gymnasium, similar to the University of New Mexico’s fabled Pit. (It is the talk of schools from throughout the state!) The baseball field is also the envy of many schools in the state with a lighting system and a well maintained diamond.

Also located at the High School is Santa Rosa Lion Care Health Center (LCHC) It is a collaborative effort of the Santa Rosa Consolidated Public Schools and the Office of School and Adolescent Health (NMDOH) The Center treats all students of the Santa Rosa School District regardless of their ability to pay. Staff is required a co-pay. Health center provides preventative, primary and mental health care, health education and health referrals.

Santa Rosa Middle School was built in 2006. The middle school moved from an old WPA building completed in 1937 to a new facility located on Camino de Vida south of town and is neighbor to Guadalupe County Hospital, a new state of the art hospital built in 2010.

Santa Rosa Elementary has seen many renovation projects through the years and is located only two blocks from the high school. Anton Chico Schools are projected to move into a new facility in 2014.

More details on Santa Rosa Consolidated Schools can be found on our staff and student maintained website: <http://www.srlions.com>
